Action Taken or Planned:

We had a crew nearby cleaning out a production tank at the time of the incident. That crew and equipment was diverted to this site and began cleaning up the spilled fluids immediately. The crew worked into the night and had 90% of the fluid and contaminated soil cleaned up before before they left. The same crew was back at the site first today to finish the cleanup.

Wastes Disposal Location: Prairie Disposal or IHD Disposal

Agencies Involved: NDIC - Field Inspector Marc Binns
